

## ZENITH Four-in-one portable plant features and technical data

ZENITH is one of the biggest manufacturers in aggregate processing machinery for the sand & gravel, quarry, mining, construction and recycling industries. Headquarter of ZENITH is located in Shanghai, China and now we have two manufacturing bases as our strong support. The equipment includes crusher, **mobile crusher**, conveyor, screening machine, sand washing machine, track mounted mobile crusher, crushing equipment, mill equipment, complete aggregate crushing equipment, jaw crusher, cone crusher, impact crusher, complete quarry equipment, and so on. We will provide the right equipment according to the customer's requirements, and help customers to choose the location of the production line, equipment installation, training of workers, as well as on-site help and after-sales service.

### Four-in-one portable plant Features

1. The integrated unit can be moved as a whole
2. Full vehicle-mounted belt conveyor
3. Independent units can satisfy customers' requirements for stone production

4. Perfect adaptability and flexible configuration
5. Less material transportation costs
6. The operation is direct and effective
7. Adaptive main engine device switchover can meet customers' personalized needs
8. Flexible parking function, quick access to the working mode

## Four-in-one portable plant Technical Data

Model	Specs of screening equipment	Model			Max feeding size (mm)	Transportation dimension(mm)
