

ZENITH LD Series Tracked Mobile Screening Plant features and technical data

ZENITH is one of the biggest manufacturers in aggregate processing machinery for the sand & gravel, quarry, mining, construction and recycling industries. Headquarter of ZENITH is located in Shanghai, China and now we have two manufacturing bases as our strong support. The equipment includes crusher, mobile crusher, conveyor, screening machine, sand washing machine, **track mounted mobile crusher**, crushing equipment, mill equipment, complete aggregate crushing equipment, jaw crusher, cone crusher, impact crusher, complete quarry equipment, and so on. We will provide the right equipment according to the customer's requirements, and help customers to choose the location of the production line, equipment installation, training of workers, as well as on-site help and after-sales service.

This is ZENITH LD Series Tracked Mobile Screening Plant features and technical data:

LD Series Tracked Mobile Screening Plant Features

1. Incorporated design
2. Truck mounted
3. Quick road transportation
4. There are support legs on the truck and can be set up quickly
